Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Friday 15 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry and bright.

Today:
It will be mainly dry and bright but rather cold with a frosty start for many. Some sunny spells expected with a few mist and freezing fog patches possible. Milder around the west coast with the southerly winds freshening here. Maximum temperature 5 deg C (41 deg F).

Tonight:
Mainly dry this evening with gales developing around the west coast. Outbreaks of rain, sleet and snow overnight. The snow mainly over higher ground, but heavy at times. Minimum temperature 0 deg C (32 deg F).

Saturday:
Rain and snow will quickly clear with showers following in from the west. The showers heaviest and most frequent across the Northwest Highlands. Windy at times and slightly milder. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:
Bright and showery on Sunday and Monday, the showers wintry over the hills, and merging at times in the west. The showers turning wintry at all levels on Tuesday.
